

System Builder

Chicago, Jan. 22, 1900. Warner's Safe Cure is a fine remedy for building up a broken down system, and I know personally of several cases of kidney and liver troubles which were permanently cured through its use. In fact I know of nothing which equals it and am glad to speak a good word for it.

Building Notes.

The only large building now in course of construction within the city is the new St. John's Catholic church in South Scranton. This is being constructed by Contractor M. J. Ruddy. under the supervision of Architect Percival Morris. This will keep about

orty men busy all summer. The new Young Men's Christian as sociation building will be commenced

some time early in the summer. There is a strong possibility that work on the Colliery Engineer company's printing establishment will not be begun until fall, if at all this year. Mulherin & Judge expect to commence work in a short time on the new Anthracite brewery in Green Ridge and are at present engaged in remodelling the Coyne house.

Contractor Schoreder is finishing the Peck residence on Jefferson avenue. Peter Stipp is doing the work entailed by the improvements at Nay Aug

The only other large building that there is any chance of being erected during the coming aummer are the new armory and the tin plate plant. There is to be a Green Ridge Baptist church erected, also, but the contract for this has not yet beeen

Secretary Laudig, of the Builders' Exchange, said yesterday that is was the general belief among the members of that organization that this would be the dullest year in the building line seen here in four years.

The new church of the congregation of the Baptist church of West Scranton is one of the possibilities of the summer.

Colliery Shut Down.

The William A. colliery at Duryea shut down yesterday for a week, to admit of the installing or new rollers to crush the coal and to make changes in the machinery operating the fans. Some other minor repairs are to be made during the shut-down which these changes necessitate.

This and That.

Superintendent Daly is engaged in drafting a new time schedule for the summer trains on the Lackawanna rallroad.

One of the new club cars which was recently turned out of the car shops has been added to a New York suburban train. Many runs on the Lackawanna rail-

coad have been re-arranged to enable the older trainmen to obtain twentysix working days each month. A new time-table black board has been placed on the platform side of

the Lackawanna station for the accommodation of the traveling public. Master Mechanic Brown has condemned several engines which have recently been operated on the Lackawanna railroad. It is said several of the new ones are among the number. Superintendent Salisbury and his assistants are arranging a new schedfor the running of all trains on

the different divisions of the Lackawanns rallroad, which will probably go into effect some time in June. Superintendent Depuy, who last fall became superintendent of the Morris and Essex division of the Delaware, Luckawanna and Western road, succeeding Andrew Reasoner, yesterda, tendered his resignation to President Truesdale, It was accepted.

It costs money to move and I would much rather sell my stock at a considerable reduction and have less moving expense, thereby giving the people the benefit of the loss which I am bound to incur if compelled to handle and rehandle my immense stock while moving. SCRANTON'S SHOPPING CENTER.

Of Silks=-Most Important.

The Silk Department will likely be very much disturbed by the great business that will follow this great announcement. But we have arranged for it—there will be extra room—seventy-five feet of counter space devoted to this silk sale. Just three groups at these prices will cover all the silks in this offering and a section of counter will be given to each price-one section for silks at 75c.; one section for silks at \$1.00; one section for silks at \$1.25.

> Thousands of Yards. Hundreds of Styles. The Regular Prices are from \$1.00 to \$2.00 per yard. The Prices for the Sale are from 75c to \$1,25.

The great quantities and the extremely low prices insure you against disappointment, and the pure white daylight of our skylight makes selections doubly safe and easy. Every variety of fancy dress silks is represented in this remarkable offering. The styles are choice, thoroughly up-to-date, all having been made for this season's sales, most of them having come into our stock since the first of the current month.

The 75c Silks.

The first group comprises the silks that are to sell at 75c. In this collection are silks that regularly sell at from \$1.00 to \$1.40 per yard. In the assortment are Fancy Taffeta, Stripe Taffeta, Checked Taffeta, Fancy Brocade Silks, Satin Striped Taffeta, Persian Effects, Silk Poplins, Fancy Foulards, etc.

The \$1.00 Silks.

In this lot are rich styles of fancy silks that were from \$1.40 to \$1.75 a yard: Rich Persian Printed Satins, Persian Taffetas, Rich Satin Striped Peau de Soie, Newest Foulards, Evening Fancy Silks, all light shades, Rich Plaid Taffeta with satin bars, Hemstitched and Corded Silks for waists, Rich Figured Taffetas.

The \$1.25 Silks.

This is a collection of Fancy Silks in rich style, prices of which ware from \$1.75 to \$2.50 a yard: Rich Satin Striped Plaids and Stripes in fine color combinations, Evening Silks, many new styles and effects, Handsome Taffetas in new Persian effects. Beautiful Striped Taffetas in new colors and effects, Beautiful Plisse Silks with drawn work effects. Handsome Waist Silks in stripes and figures, some satin, some taffeta grounds.

There Is Also a Story on Taffeta Silks---Read On.

There are 1,000 yards of good Taffeta Silks, 19 inches wide, mostly solid colors and about twenty different shades. It's the quality that usually sells in good houses for 75c a yard. Some stores, we notice, get 79c, and some as high as 85c. By all fair standards the silks are worth 75c, and that is what we would ordinarily get for them, but we were fortunate in finding a manufacturer who wanted money quickly, so we bought at our price. Here they are for 65 cents a yard:
